## Join us for this complimentary virtual event.

World-class guest speakers and renowned faculty members of the UCI Health Digestive Health Institute share their specialized expertise in conducting leading-edge procedures for digestive diseases using advanced technology and techniques.

This 3-day (4 hours/day) course curriculum covers the latest management options for endoscopic and surgical treatments of gastrointestinal and liver diseases with an impressive mix of lectures and live cases streaming live from the state of the art H.H. Chao Comprehensive Digestive Disease Center located in Orange, CA.

### Schedule:

- **Wed., Apr. 21:** Foregut
- **Thurs., Apr. 22:** Liver
- **Fri., Apr. 23:** Colon and IBD
