

## 699A DEPARTMENTAL RESEARCH IN BASIC ANATOMY

This course is available to UC Irvine students only

Students must obtain permission from elective director prior to enrollment in this course

This is not a clinical rotation

**Course Description:** Provides an opportunity for medical students to participate in research programs of the Department of Anatomy. Individual faculty members will sponsor and supervise research projects jointly developed by the individual student and a faculty member. Credit and duration of each project will be variable, based upon the amount of time the student devotes to the project.

**Department:** Anatomy and Neurobiology

**Prerequisites:** Permission of Instructor, and approval of the Associate Dean of Clinical Education

**Restrictions:** Approval from the Associate Dean of Clinical Education must be obtained prior to beginning research project.

**Elective Director:** Department of Anatomy and Neurobiology, UC Irvine, School of Medicine, Irvine, CA 92697, (949) 824-4536

**Instructing Faculty:** Faculty of the Department of Anatomy and Neurobiology

**Course Website:** None

**Who to Report to on First Day:** To be determined by faculty

**Location to Report on First Day:** To be determined by faculty

**Time to Report on First Day:** To be determined by faculty

**Site Coordinator:** UC Irvine, School of Medicine, Department of Anatomy and Neurobiology, Med Surge II, Room 364, Irvine, CA 92697, 949-824-2583,

**Site:** UC Irvine, School of Medicine

**Periods Available:** Throughout the year

**Duration:** Variable

**Number of Students:** Variable

**Scheduling Coordinator:** To enroll in the course please contact the department at (949) 824-4536, then please call (714) 456-8462 to make a scheduling appointment. Student must submit a UCI-SOM Student research, international and independent student application.

**Course Objective:** The objective of this course is to provide a guided research experience in the experimental neuroscience.

**Educational Activities:** Students will participate in research activities under the supervision of departmental faculty.

**What Students Should do to Prepare for the Rotation:** Complete Research Elective Proposal and submit the document to the Associate Dean of Clinical Education

**Course Hours Weekly Summary:** To be determined by the faculty member and stated in the proposal submitted to the Associate Dean of Clinical Education. Must be a minimum of 30 hours per week.

**Official Grading Policy:** Students will receive a grade of Honors/Pass or Fail. The appropriate grade will be determined by the instructing faculty.
