eTech Fee [^]	48.00	60.00	60.00
Total California Resident	\$2,463.00	\$ 5,223.66	\$ 5,223.64

***For Summer Session 2020, we will be offering a full-time fee incentive program for all current and incoming UC students. Students will need to pay for up to only 8 units in per unit course fees.**

For example, a current UCI undergraduate student enrolling on time in 12 units of coursework will pay \$2,232 in course fees (\$279/unit x 8 units), a \$48 eTech Fee (\$4/unit x 12 units), a \$183 campus fee, plus any applicable course materials fees. Please note that the full-time fee incentive program **does not apply to visiting non-UC students**, to special programs charging a program fee in lieu of course fees, and any courses with other applicable discounts (such as independent study courses).

[^]The non-refundable eTech Fee is required of all students and is used to support the maintenance and improvement of existing education technology, and new services and capabilities. The eTech fee is listed separately as the charged amount varies based on the amount of undergraduate units the student is enrolled in and is assessed later in the term than the other fees listed. The fee is \$4 per unit of undergraduate lecture course, up to a maximum amount of \$60 (or 15 units) per quarter. It will be assessed after the third week of instruction.

To obtain a fee waiver for Undergraduate Student Health Insurance, students must submit an application and demonstrate equivalent, or better, insurance. Undergraduate students should contact the [Student Health Center](#) for more information.
