DESCRIPTION
This course is essentially a brief exposure to dermatology with each day divided in half to include exposure to general dermatology clinics, specialty clinics, and teaching sessions. The students will function as an observer only in private and specialty clinics. In the UC Irvine Medical Center clinics they will see patients and present patients to the faculty. Students will receive basic science lectures and clinical science lectures during the rotation. Because of the brief duration of this rotation, students planning to choose dermatology as their specialty should take the 4-week dermatology elective rather than this 2-week elective.

PREREQUISITES
This course is intended for third-year students enrolled in the undergraduate medical education program at University of California, Irvine School of Medicine (UCISOM).

RESTRICTIONS
This course is intended for third-year students enrolled in the undergraduate medical education program at University of California, Irvine School of Medicine (UCISOM).

COURSE DIRECTOR
Dr. Linden has worked in higher education since 1998. He earned his Bachelor of Science degree and PhD in biochemistry from the University of California, Davis. Dr.
Linden earned his MD from the University of California, Irvine. He completed his internship at the University of California, San Diego and returned to UCI for his dermatology residency.

Dr. Linden is a Diplomat of the American Board of Dermatology and a Fellow of the American Academy of Dermatology. He is also member of the American Association for the Advancement of Science, the American Chemical Society, and the Southwest Oncology Group. Dr. Linden's major area of research interest is melanoma.

Dr. Linden sees patients in the City of Orange at the Chao Family Comprehensive Cancer Center. Dr. Linden practices general and surgical dermatology at the Gottschalk Medical Plaza in Irvine.

Terena Wells is the course coordinator for 620A course. Terena comes to you with 20 years in the medical field, 13 of which she has worked in Dermatology. She has a passion for Dermatology and is fascinated with the field.

INFORMATION FOR THE FIRST DAY
Who to Report to First Day: To be determined by Site Coordinator
Location to Report on First Day: To be determined by the Site Coordinator
Time to Report on First Day: 08:00 but may vary according to faculty

SITE: Gottschalk Medical Plaza, Beckman Laser Institute, UC Irvine Medical Center, FQHC (Federally Qualified Health Care Center, Santa Ana), UC Irvine Health, Tustin, 200 Manchester Bldg.

DURATION: 2 weeks

Scheduling Coordinator: UC Irvine students please call (714) 456-8462 to make a scheduling appointment.

Periods Available: The time of the course must be pre-approved by the elective director at least 3 months prior to the start of the course. No exceptions.

NUMBER OF STUDENTS ALLOWED:
1 per rotation

WHAT STUDENTS SHOULD DO TO PREPARE FOR THE COURSE
The student should come to clinic dressed professionally with a white lab coat and name tag, a caring, professional attitude towards patients, and an inquisitive mind.

COMMUNICATION WITH FACULTY
Questions about logistics should be directed to the Course Coordinator. Direct questions, comments, or concerns about the course can be directed to the
Course Director. Contact information and office location are at the beginning of this document.

The Course Director is also available to meet in person. Please email terenaw@uci.edu to arrange an appointment. To ensure that your email will not be lost in the large volume of email received, please use the following convention for the subject line:

SUBJECT: COURSE NAME, your last name, your issue (e.g. XXX, Smith, Request for appointment)

2. Course Objectives and Program Objective Mapping
The following are the learning objectives for the 620A course. Students are expected to demonstrate proficiency in these areas in order to satisfactorily complete the course. In addition, the extent of a student's mastery of these objectives will help guide the course evaluation and grade.

MAJOR ASSIGNMENTS AND EXAMS
Ambulatory activities take up approximately 80% of the time of the rotation. The rest of the time is taken up in dermatopathology or didactic teaching sessions.

There will be no standardized material for this rotation. Students will receive 4-5 hours per week of lectures in the basic and clinical sciences of dermatology, however, the topics will depend on the faculty and specific lecture topics scheduled to occur during the rotation.

GRADING
Medical Students are graded using the following scale: Honors (H), Pass (P), Fail (F), and Incomplete (I). For further information, please review the Grading Policy.

You have 30 days from the date of the grade to appeal any aspect of this grade. Please contact your Clerkship/course Director should you have any questions

Student will receive a final grade of Pass or Fail. The standardized UC Irvine Elective Evaluation form will be used to grade the student. The students will be evaluated on attendance and clinical performance. The students must attend 18/20 sessions and receive satisfactory evaluations from residents and attendings to pass the course. If
the student fails the elective, a grade of "F" will be permanently recorded on his/her transcript. The student can repeat the course for a second grade, however, the "F" will not be removed from the transcript.

Requirements for “Pass”: To receive a grade of Pass, students must demonstrate successful performance in all the following areas:

- Knowledge
- Patient Care
- Practice-Based Learning
- Interpersonal & Communication Skills
- Professionalism
- Systems-Based Practice

Requirements for “Honors”: To receive a grade of Honors, students must demonstrate exceptional performance all the following areas:

- Knowledge
- Patient Care
- Practice-Based Learning
- Interpersonal & Communication Skills
- Professionalism
- Systems-Based Practice

Grounds for “Incomplete”: You will not be issued a grade until all elements of the course have been completed.

REMEDIATION
Remediation, if needed will be designed by the Course Director to suit the issue at hand.

Grounds for “Fail”: You will receive a grade of "Fail" if the requirements for passing the course have not been met. Please refer to the Grading Policy for the impact of the "Fail" grade to the transcript.
