DESCRIPTION
Students will review the fundamentals of cardiac anatomy and physiology and learn to apply these concepts to the diagnosis and treatment of patients with congenital heart disease. History and physical examination skills are highlighted. Students will also gain experience with ultrasound and echocardiogram interpretation and have exposure to advanced noninvasive imaging such as cardiac MRI, as well as participate in the cardiac catheterization and electrophysiology laboratories, cardiothoracic operating room, cardiovascular intensive care unit and exercise physiology lab.

PREREQUISITES and RESTRICTIONS
This course is intended for 4th-year students enrolled in the undergraduate medical education program at University of California, Irvine School of Medicine (UCISOM).

COURSE DIRECTOR
Dr. Morchi is an interventional pediatric cardiologist who joined CHOC in 2009 after completing fellowship at University of Colorado Denver Children’s Hospital. Prior
to that, she completed pediatric residency at Brown University/Hasbro Children’s Hospital. She is a recipient of the UCI resident teaching award.

Frank Cruz is the course coordinator for 660U course. Frank Cruz has been working as Student Coordinator for the UCISOM for 10+ Years. In addition to his Student Coordinator duties he also works as an assistant coordinator for the UCI-CHOC Pediatric Residency.

**INFORMATION FOR THE FIRST DAY**
Please contact the following on information to report on the first day: Frank Cruz student coordinator will contact student with further details. fcruz@hs.uci.edu (714)456-5650

**SITE:** CHOC or Miller Children's and Women's Hospital

**DURATION:** 4 weeks

**Scheduling Coordinator:** UC Irvine students please call (714) 456-8462 to make a scheduling appointment.

**Periods Available:** The time of the course must be pre-approved by the elective director at least 3 months prior to the start of the course.

**NUMBER OF STUDENTS ALLOWED**
CHOC-based rotation: 2-3
Millers-based rotation: 1

**WHAT STUDENTS SHOULD DO TO PREPARE FOR THE COURSE**
Be familiar with previous curriculum in cardiology (basic science, outpatient and inpatient pediatric cardiology) from third year pediatric clerkship - will vary from one student to another.

**COMMUNICATION WITH FACULTY**
Questions about logistics should be directed to the Course Coordinator. Direct questions, comments, or concerns about the course can be directed to the Course Director. Contact information and office location are at the beginning of this document.

The Course Director is also available to meet in person. Please email fcruz@hs.uci.edu to arrange an appointment. To ensure that your email will not be lost in the large volume of email received, please use the following convention for the subject line: 
SUBJECT: COURSE NAME, your last name, your issue (e.g. XXX, Smith, Request for appointment)

2. Course Objectives and Program Objective Mapping

The following are the learning objectives for the 660U course. Students are expected to demonstrate proficiency in these areas in order to satisfactorily complete the course. In addition, the extent of a student's mastery of these objectives will help guide the course evaluation and grade.

<table>
<thead>
<tr>
<th>Course Objective</th>
<th>Mapped UCI School of Medicine Program Objective</th>

### 3. Course Resources

**TEXTS AND READINGS: SUGGESTED**

TEXTS AND READINGS: SUPPORTING AND REVIEW
  • Additional references are available in the Division Office.

4. Major Exams, Assignments and Grading

GRADING
Medical Students are graded using the following scale: Honors (H), Pass (P), Fail (F) and Incomplete (I). For further information, please review the Grading Policy.

The student will receive a grade of Honors, Pass or Fail. The student's final grade will be submitted on the standard UC Irvine form. **There are no formal assignments or examinations for this course.** The student will be evaluated by attending and residents in the area of clinical performance, clinical skills, formal presentation, learning accomplishments, attendance, attitude and effort. Evaluations will be completed by the attending in consultation with faculty, residents, and staff who interacted with the resident. If the student fails the elective a grade of "F" will be permanently recorded on his/her transcript. The student can repeat the course for a second grade, however, the "F" will not be removed from the transcript.

You have 30 days from the date of the grade to appeal any aspect of this grade. Please contact your Clerkship/course Director should you have any questions.

**Requirements for “Pass”**: To receive a grade of Pass, students must demonstrate successful performance in all the following areas:
  • Knowledge
  • Patient Care
  • Practice-Based Learning
  • Interpersonal & Communication Skills
  • Professionalism
  • Systems-Based Practice

**Requirements for “Honors”**: To receive a grade of Honors, students must demonstrate exceptional performance in the same areas.

REMEDIATION
Remediation, if needed will be designed by the Course Director to suit the issue at hand.

**Grounds for “Fail”**: You will receive a grade of "Fail" if the requirements for passing the course have not been met. Please refer to the Grading Policy for the impact of the "Fail" grade to the transcript.
